

GERMAN ARMIES  
FAST RETREATING  
FROM BELGIUMInhabitants of Liber-  
ated Cities Rejoice  
Over Freedom

WITH THE ALLIED ARMIES IN BELGIUM, Oct. 18.—By the Associated Press.—The speed with which the German armies are retreating from Belgium and northern France makes it appear that they are twice as anxious to get out now as they were to get in four years ago. The country, freed from the Hun today is celebrating throughout last night shooting off fireworks and dancing in the streets, while whole streams of young and old women and elderly men paraded around arm in arm singing the Marseillaise. The soldiers and official figures were smothered with kisses and babies by the score were held up to be kissed by the British soldiers. Every street in the city which shows no outward signs of war was bedecked with the colors of the allies, especially with the British Union Jack on which was written:

"Glory to our liberators." The citizens explained that they had kept the flags well hidden in their homes especially for this occasion for which they were waiting for years. They were waiting for them to be taken from them by the Germans, the day after tomorrow at about 6 o'clock yesterday morning after blowing up the bridges on the other side of the town. They went outside the city because they had no desire to give the Germans the slightest excuse for bombarding it after they were forced to leave.

Scenes similar to those in Lille were repeated everywhere over the vast stretches of territory wrested from the Germans. All the roads in the rear now contain the familiar carts of refugees on which are the usual household goods and babies. But these wagons looked strange. The men, women and children with them are laughing and smiling as they hurry to get back to their homes. The last time they travelled these roads they were going in the other direction fleeing in terror from the enemy. Many of these refugees living in a zone seared by war will not find their homes at all. Some of them will find only wrecked and fire scarred skeletons. But there are many more who will find their homes intact for the allied armies almost everywhere on this front have been "in the blue" where there had been no war since the Germans swept thru so rapidly four years ago.

ADOPT RIGID RULES  
TO STOP INFLUENZA

General Vaccination of Chicagoans Ordered by Health Commissioner Robertson—Many New Cases Reported.

Chicago, Oct. 18.—Back yards must be the refuge of Chicago children at play as the result of a police order issued today as a check on the spreading of influenza. Earlier in the day Health Commissioner Robertson directed a general vaccination of Chicagoans with anti-toxin, a shipment of 500,000 units arriving today from the Mayo Foundation at Rochester, Minn. Local laboratories are expected to produce 100,000 doses daily. The health commissioner also advised all persons to salute their friends but not shake hands.

Chief of Police Alcock's order directed that policemen shoo all children off the streets and disperse street corner gatherings and crowds of all kinds. Reports received today for twenty four hours showed an increase in deaths and a decrease in new cases of influenza and pneumonia. The figures were:

New cases of influenza.....1,917  
Pneumonia.....402  
Deaths.....73

Influenza.....244  
Pneumonia.....137  
Increase.....19

While the state health order closing public places has suspended all public meetings of a social nature was being enforced today thruout Illinois, reports to Dr. George T. Palmer, assistant state director of health showed the epidemic spreading southward. It now seems to center at Peoria where there are 10,000 cases. Reports indicate, however, that conditions are not so bad in the southern end of the state.

## WOMAN KILLS MAN

Ottawa, Ill., Oct. 18.—John Reilly, a farm hand, was shot and killed late last night by Mrs. Belle Tate when she tried to chop down the door of her home with an axe. She lives on a farm near Ulica, Ill.

Quick Chance  
To Kill a Hun  
Or Get Killed

WASHINGTON, Oct. 18.—General Pershing has sent an urgent call for air service observers which the aeronautical bureau of the army is making prompt efforts to fill from civil life as well as from the army. A strong response from daring spirits is hoped for. There is no limit in the number to be accepted for training. Qualified men are certain of quick action.

Major General Kenly, chief of the bureau, said there were no rigid age limits of other limitations. It is up to the man himself. If he thinks he can stand the hard, dangerous service and pass the rigorous physical and other tests, he will be given a twelve week training course, commissioned and sent overseas. "This is a quick chance to kill a Hun or get killed," General Kenly said. "We will guarantee to get men who qualify to France without delay."

SPANISH INFLUENZA  
SHOWS INCREASE

Conditions in Army Camps Less Favorable—Epidemic in 35 States Unchecked.

Washington, Oct. 18.—Reports to the public health service today from 35 states showed that Spanish influenza still is on the increase in most parts of the country. Conditions in army camps also were less favorable than yesterday showing that the disease apparently was stationary after the marked decline noted for several days.

The epidemic still is more pronounced in the eastern section of the country than it is west of the Mississippi river, but undoubtedly to the more crowded conditions in the large cities.

The epidemic also continues in the middle west. The epidemic in five other cities in Kentucky and Indiana yesterday reported 2,688 new cases. Outside of Indianapolis, where the disease is epidemic, the malady also continues in Illinois and Michigan, while Ohio reported that it is prevalent in thirteen cities of the state.

Missouri reported epidemics in seven cities. Minnesota in 36 districts, Colorado in seven cities and Kansas in seven cities and many counties. There is a serious epidemic at Oklahoma City with many cases in other parts of Oklahoma. The disease was increasing in nine counties in North Dakota and was reported from six cities and seven counties in the middle west. The epidemic also is widespread in Arizona.

Altho influenza cases in army camps increased slightly the number of pneumonia cases, 1,539 decreased during the 24-hour period ending today at 684 yesterday. Influenza cases reported from all camps since the epidemic began now total 279,945; pneumonia cases 42,675 and deaths 12,681.

## RED CROSS AIDS

Paris, Oct. 18.—The American Red Cross has added 5,000 refugees returning to their homes in the reconquered Alsace and Marne districts, in one month's time. Supplies have been sent to Chateau-Thierry, Essons, Dormans, Troyes, Verneuil and Villers-Cotteret. Motor trucks known as rolling grocery stores make the rounds of the districts to supply the needs of the home-comers in places where no shops have yet opened.

DETROIT, Oct. 18.—A decree of divorce carrying monthly alimony of \$2,000 or a cash settlement of \$300,000 was granted in circuit court here today to Mrs. Elizabeth D. Moore against Gordon Moore. Prominent traction man. Mrs. Moore charged cruelty and neglect in her bill. Moore is well known in New York and London.

ST. LOUIS FIRST  
DISTRICT OVER IN  
LOAN CAMPAIGNMore Than a Billion  
Dollars Must Be Sub-  
scribed Today

## BULLETIN.

WASHINGTON, Oct. 18.—The St. Louis federal reserve district is the first district to oversubscribe its quota for the Liberty Loan. The treasury late today officially recognized its claim of \$381,200 subscriptions more than its allotment of \$260,000,000. The St. Louis district also was the first to go over in the third loan.

WASHINGTON, Oct. 18.—Tomorrow the nation will decide the degree of success of the fourth Liberty loan. Tonight with only 24 hours remaining in the subscription period the treasury estimated the sum already raised at between \$4,500,000,000 and \$5,000,000,000 making a billion or more still necessary before the six billions is raised. The amount officially reported tonight was only \$3,958,589,600 but this included little of today's business. That figure represented an increase of \$351,000,000 since last night. On the eve of the greatest selling of the entire campaign national loan headquarters limited its comment to this:

"There must not be the slightest diminution of effort tomorrow. To gain the desired goal means the most vigorous selling from sunrise until as late as there is anyone left to buy."

The managers still felt sure that the big total would be subscribed altho they emphasized that it would take a multitude of last minute \$50 and \$100 subscriptions as well as some big pledges.

The St. Louis district passed its quota of \$260,000,000 by a bare \$381,200 and recorded itself as the first district to make this record.

District managers expect to roll up an extra \$20,000,000 tomorrow.

The New York district today passed the billion dollar mark, and advised tonight were that the committee hoped to get the unthe \$1,800,000,000 quota by tomorrow night.

## FORMER U. S.

## SENATOR DEAD

SALT LAKE CITY, Utah, Oct. 18.—Former United States Senator Thomas Kearns mining magnate and railway builder died at his home here today following a stroke of apoplexy several days ago. Mr. Kearns was struck by an automobile about two weeks ago and the accident is said to have brought on the stroke.

Thomas Kearns coming into a practically undeveloped country—the famous Park City, Utah, mining region—33 years ago with nothing but strength and determination he delved into the hidden treasures of that camp and took therefrom a fortune which gave him the reputation of being Utah's wealthiest man. Prior to his mining ventures in this state he had been more or less active in the Black Hills country and in Tombstone, Arizona.

The famous Silver King mine of Park City and the name of Thomas Kearns were always linked together and many of this city's biggest structures were erected with funds which came from the Silver King property. Mr. Kearns was elected to the United States senate in 1901 and served four years. He was owner of the Salt Lake City Tribune and leaves a fortune estimated at several millions of dollars.

## AMERICANS SPRING

## SURPRISE ON HUNS

WITH THE AMERICAN ARMY NORTHWEST OF VERDUN, Oct. 18.—(By The Associated Press).—The Americans sprang another surprise over the Germans today, the infantry advancing north of Romagne and taking Bantheville without artillery preparation.

The Americans pushed the German infantry and machine gunners back after fighting that lasted all day. Northwest of Grand Pre the Americans captured Talmia Farm in the face of a stiff machine gun resistance. There was much fighting at close quarters thruout the day.

## War News Summary

News of Activities On Various Battle Fronts in Summarized Form By Associated Press.

(By The Associated Press.)  
The Belgian coast again is Belgian.

Germany's dream of an invasion of England across the North Sea from Calais is ended. Belgian-Flanders is fast being evacuated by the enemy and his line from the Belgian frontier to the Meuse river gradually is giving way under the attacks of the British, French and American armies which are demanding to be served with victory. A haven of safety in a shorter and more compact line is being sought by the Germans in order to escape annihilation by their foes. Everywhere they are being whipped. But seemingly they are still far from defeat. In Belgium the enemy is giving ground hastily in order to bring his armies safely out of the trap which menaced them; but from the French frontier to the Meuse river he still is fighting desperately to hold the lower law of the great Foch pincer from closing in a great converging movement and entrapping in its maw the German fighting force in its entire and thus far he has successfully thru the use of picked troops and machine gunners who know defeat only in death ward off the culminating blow.

Zebbrughe, Germany's second great submarine base on the North Sea has gone the way of Ostend. The flag of Belgium once more flies over it. To the south Bruges has been evacuated and Turcoing, Roubaix and other towns have been delivered. Out of the great sack between the North Sea and the Lys River with success and throwing Val-devoir to prevent capture or internment in Holland. His hope is that he will be able to reach Antwerp and there reconstitute his army. The Dutch frontier from Antwerp and Namur to some point in the south probably Sedan or Metz and stabilize it.

Like-wise in Champagne the Germans are offering strong resistance against the French and Americans in their attempts to drive northward toward Mezieres and Sedan. The French, nevertheless have been able to cross the Aisne river near Verviers and thus have made more secure the positions of the Franco-American forces in the valley of the Aisne at Grand Pre.

To the east the Americans on both sides of the Meuse river are slowly going forward. Between the great wooded bastion and the Meuse picked troops have chosen to fend the blow northward toward Sedan. All the ground that is being won is being valiantly defended to the last. In the Makedonian theater the Greeks are now in full possession of Greek Macedonia. Albania is fast being cleared of the enemy and in Serbia the Teutonic allied forces have been driven 30 miles north of Nish. In Syria the victorious forces of General Allenby are now meeting with scant resistance.

German Retreat  
From Belgium  
Well Ordered

WASHINGTON, Oct. 18.—While the German retirement in Belgium has glittering possibilities, military opinion here is forced to the conclusion that what is in progress is a well ordered and executed withdrawal, probably on prepared positions. The fact that reports from other portions of the front, notably from the Lille area and the sector southeast of Laon south of the indications of a general withdrawal but as yet no official information has come to indicate where the line upon which the enemy will attempt to stand has been established.

The reports showing that the French were making progress in clearing up the Oise-Serre pocket, southeast of Laon, attracted particular attention here. This narrow point of high ground between the two rivers, guarded by wide marshy water lines on both fronts, has appeared to be the bastion on which the enemy resistance in the center rested. It had been regarded as incapable of retention for any great length of time as it is subject to a three side bombardment by heavy guns that eventually would force its evacuation. The enemy made this report, however, a part of the Hunning line and has been employing it to hold up the general advance in the center.

The collapse of this position presumably means a rapid straightening of the whole center of the front. At the wings of this vital part of the line American troops west of Verdun and Anglo-American forces at Cambrai are hammering their way toward the main communication lines that threaten the whole enemy framework. This probably accounts for the stubborn resistance offered by the Germans.

The freeing of the Belgian coast will have little direct effect on the submarine situation but may be of the greatest indirect value in furnishing the allied forces with new bases from which to operate an anti-submarine patrol. The German U-Boat flotilla on the Flanders coast have been a thing of the past ever since the harbors were blocked by the British naval forces, which undoubtedly had a share in convincing the enemy high command of the wisdom of quitting that territory.

WASHINGTON, Oct. 18.—Questions for men of the 37 to 46 and 18 men classes of the draft were ordered released today by Provost Marshal General Crowder in all local board districts where the classification of other groups have been completed. This will affect more than half of all the territory in the United States, progress having been more rapid than was expected in classification work.

Local boards sending out questionnaires must release 10 per cent a day.

ORDERS RELEASE  
OF QUESTIONNAIRES

WASHINGTON, Oct. 18.—Lieutenant-Colonel Ernest P. Ricknell, Commissioner for Belgium, has announced that the American Red Cross is to aid the sickly children in occupied Belgium by sending them into Holland to build up their strength. Already 10,000 children have been brought out of Belgium for this special treatment.

BELGIAN CHILDREN TO

Already 10,000 children have been brought out of Belgium for this special treatment.

for the moment at least to the Swiss frontier.

In France east of Lille to Cambrai the British slowly but surely are pressing forward despite supreme efforts of the enemy to hold them, blotting out the big salient which has Tournai as its northern and Valenciennes its southern end.

The collapse of this salient Field Marshal Haig with whose forces are brigaded men from the United States is driving hard along the Bohain-LeCateau front in a maneuver which is meeting with success and throwing Valenciennes into a dangerous pocket. To the south in the sack between the Oise and the Serre rivers north of Laon the Germans are withdrawing toward Hirson with the enemy impeding their progress with strong rear-guards.

Like-wise in Champagne the Germans are offering strong resistance against the French and Americans in their attempts to drive northward toward Mezieres and Sedan. The French, nevertheless have been able to cross the Aisne river near Verviers and thus have made more secure the positions of the Franco-American forces in the valley of the Aisne at Grand Pre.

## STATEMENTS

Official Communications Issued By Belligerent Countries Regarding War Situation.

VIENNA, Oct. 18.—Via London.—The Austrian official communication issued today says:

"West of Lake Garda an Italian thrust was repulsed.

In Albania, in Western Moravia and in the valley of Southern Moravia, Serbian attacks failed."

BERLIN, Oct. 18.—The Germans have evacuated Ostend, Turcoing, Roubaix, Lille and Douai according to the official statement from general headquarters today. The French, British and the Oise-Serre, French and Americans attempted to break thru. On both sides of LeCateau the statement adds attacks broke down.

WASHINGTON, Oct. 18.—Capture by the Americans of 1,000 additional prisoners in the fight west of the Meuse was reported in General Pershing's communication for yesterday received today at the war department. There was severe fighting on the entire front of General Lisgett's first army.

"Section A.—Severe fighting has continued on the entire front of the first army. We have broken up counter attacks in the Bois de Lagrange Montagne and in the vicinity of Champigneulle and the Bois de Solmes. Our troops have taken and passed beyond their right of our nation. Improved their positions thruout the line. One thousand additional prisoners have been taken."

BERLIN, Oct. 18.—Via London.—The text of the headquarter's statement issued today reads:

"Between LeCateau and Aisneville the enemy penetrated our lines at isolated points. We brought the enemy to a standstill before our artillery positions at the LeCateau-Vassigny road, near Lavalade Mulaire and Mennevret and northeast of Aisneville. Wherever the enemy advanced beyond this line he was thrown back by our counter-attacks. Aisneville and the adjacent lines to the south were held against several assaults. In the afternoon renewed attacks here broke down. Enemy attacks against the Oise front north of Origny also were unsuccessful. On the Aisne the enemy continued his violent attacks east of Vrizy. He was repulsed in stiff fighting. We carried out successful raids west of Grand Pre and on the east bank of the Meuse."

## AVIATORS INJURED

Chicago, Oct. 18.—Eugene Ellery and Dorsey Crow of Chanute field, Rantoul, Ill., were injured late this afternoon when an airplane from which they were dropping loan posters fell into Grant Park. Both were taken to a hospital.

Ellery incurred a broken arm and Crow severe bruises, early examination at the hospital disclosed.

Ellery's home is at Brooklyn, N. Y. Crow's home is in Chicago.

INDEPENDENCE OF  
CZECHO-SLOVAK  
NATION DECLAREDRecognized By United  
States and Entente  
Allies

WASHINGTON, Oct. 18.—Independence of the Czecho-Slovak nation was declared formally today by the Czecho-Slovak national council, recognized by the United States and the entente allies as a belligerent defacto government. The declaration renouncing allegiance to the Hapsburg dynasty and announcing principles for the foundation of a republic was issued in Paris and a copy was handed to President Wilson by J. C. Isar of the council's staff in Washington.

The document is signed by Dr. Thomas C. Masaryk, president of the council as premier and minister of finances, and by other officers of the provisional government. It follows:

Declaration of Independence  
of the Czecho-Slovak nation by its provisional government.

"This grave moment when the Hohenzollerns are offering peace in order to stop the victorious advance of the allied armies and to prevent the dismemberment of Austro-Hungary and Turkey and when the Hapsburgs are promising the federalization of the empire and autonomy to the disaffected nationalities committed to their rule, we, the Czecho-Slovak national council, recognized by the allied and American governments as the provisional government of the Czecho-Slovak state and national, in complete accord with the declaration of the Czecho-Slovak deputies made in Prague on January 6, 1918, and realizing that our nation cannot still more, autonomy, mean nothing under a Hapsburg dynasty, do hereby make and declare this our declaration of independence.

"We do this because of our belief that no people should be forced to live under a sovereignty they don't recognize and because of our knowledge and firm conviction that our nation cannot freely develop in a Hapsburg mock federation, which is only a new form of the de-nationalizing oppression under which we have suffered for the past three hundred years. We consider freedom to be the first pre-requisite for federalization and believe that the free nations of central and eastern Europe may easily federate should they find it necessary.

"We make this declaration on the basis of our historic and natural right. We have been an independent state since the seventh century; and we joined with Austria and Hungary in a defensive union against the Turkish danger. We have never voluntarily considered our rights as an independent state in this confederation. The Hapsburgs broke their compact with our nation by illegally transgressing our rights and violating the constitution of our state which they had pledged themselves to uphold and we therefore refuse longer to remain a part of Austria-Hungary in any form.

"We claim the right of Bohemia to be re-united with her Slovak brethren of Slovakia, once part of our national body, later torn from our national body, and fifty years ago incorporated in the Hungarian state of the Magyars who, by their unspeakable violence and ruthless oppression of their subject races have lost all moral and human right to rule anybody but themselves.

"The world knows the history of our struggle against the Hapsburg oppression, intensified and systematized by the Austro-Hungarian dualistic compromise of 1867. This dualism is only a shameless organization of brute force and exploitation of the majority by the minority. It is a political conspiracy of the Germans and Magyars against our own as well as the other Slav and the Latin nations of the monarchy. The world knows the justice of our claims, which the Hapsburgs themselves dare not deny. Francis Joseph, in the most solemn manner repeatedly recognized the sovereign rights of our nation. The Germans and Magyars opposed this recognition, and Austria-Hungary, bowing before the Pan-Germans, became a colony of Germany and as her vanguard to the east provoked the last Balkan conflict, as well as the present world war which was begun by the Hapsburgs alone without the consent of the representatives of the people."

ILLINOIS OCTOBER  
DRAFT CALLED OFF

SPRINGFIELD, Ill., Oct. 18.—Sending of Illinois men in the October draft call has been postponed until further notice because of the influenza epidemic. Adjutant General Frank Dickson tonight received orders from Provost Marshal General Crowder to instruct draft boards thruout the state to postpone all entrainments arranged.

Postponement of the call is the result of a request made by Adjutant General Dickson after conferences with the state health officials.

Danger of further spreading of the disease by sending the men from cities where the epidemic is rampant was the reason for holding off the sending of the men until the influenza is under control. About 14,000 Illinois men are affected by the postponement.

INFLUENZA UPSETS  
FOOTBALL GAMES

CHICAGO, Oct. 18.—Football schedules for the middle west again will be upset tomorrow as a result of Spanish influenza, which has caused cancellation of virtually all games. Health authorities fighting to check the spread of the disease caused some of the games to be called off, while others were cancelled by orders of the college authorities. With the exception of the Notre Dame-Chicago Naval Reserve game scheduled for Notre Dame, the middle west will be entirely deprived of notable contests.

All contests scheduled in Iowa have been called off and health authorities also forbid the game between the University of Michigan and Michigan Aggies scheduled for tomorrow. The game between the Cleveland Naval Reserves and Washington and Jefferson also was among the important games cancelled.

House Passes Six  
Billion Dollar  
Military Bill

WASHINGTON, Oct. 18.—The six billion dollar military deficiency bill was passed today by the house without a dissenting vote and sent to the senate in practically the same form that it came from the appropriations committee.

Before the house took a final vote several legislative sections were stricken out on points of order. They included one for a war salvage commission to be appointed by the president and to recommend to congress what disposition should be made of property acquired by the government during the war. Another would have granted authority to the chief of ordnance to make agreements with local authorities for the government to pay half the cost of roads damaged by army vehicles.

Besides providing vast sums for the war department the bill also provides \$107,217,000 for the navy and \$70,000,000 for the war risk insurance bureau to pay allotments to families of soldiers and sailors.

In anticipation of final action on the bill tonight Representative Kitchin, the democratic leader, after a conference with Senator Martin, majority leader in the senate, announced that he would endeavor to bring about another series of three-day recesses in the house beginning probably tomorrow and continuing until October 29, the date proposed for the beginning of the joint recess until after the November elections. After congress reconvenes November 12, Mr. Kitchin said, the house probably will continue its three day recesses until the senate disposes of the war revenue bill.

The majority leader predicted that the revenue measures would not be ready for the president's signature until December.

GOVERNOR URGES  
BUYING OF BONDS

SPRINGFIELD, Ill., Oct. 18.—"If we should fail to oversubscribe this loan our shame would cancel for America the glory our soldiers have won on a score of bloody battlefields," declared Governor Frank O. Lowden today in an urgent appeal to Illinois citizens to make tomorrow, Pershing Liberty Loan Day, a time for unstinted bond buying.

"Tomorrow will close the most critical campaign we have waged at home against the foe," said the governor. "Let us upon the day think of Pershing and the two million brave Americans who are with him. They haven't yet set a goal, which they haven't passed. Their performances have gone beyond their promises. We at home have repeated told them that we would support them without stint. To keep their faith, to us thousands of our brave boys have given their lives. That we may keep faith with our living and dead soldiers all we are asked to do is to lend our money to the government receiving therefore the best security on earth. If we should fail to keep our word to our soldier boys how shall we look them in the face when they return? If we should fail to oversubscribe this loan, our shame would cancel for America the glory our soldiers have won on a score of bloody battlefields."

YANK AVIATORS  
BOMB SEVERAL  
GERMAN TOWNS10 German Machines  
Reported Brought  
Down

WITH THE AMERICAN ARMY NORTHWEST OF VERDUN, Oct. 18.—By The Associated Press.—More than sixty American bombing aviators today attack towns north of the American line at Grand Pre. Escorting planes towed ten German machines.

This is said to have been the largest enterprise yet carried out by an all American flying force. More than four tons of bombs were dropped by the American air forces, the bombers paying particular attention to Bayonville, where a concentration of German troops had been reported. Buzancy received its share owing to its importance as a railway town and the supply depots there. In the region of Bayonville twenty Fokkers attempted to drive off the Americans, who kept the upper hand throughout.

The Americans also bombed Remonville, Briquenay, Verpel, Clery Le Grand, Aincerville and Imecourt, each of these towns being either a German supply point or an army headquarters. Different observers reported explosions with great clouds of smoke in Bainville, Remonville and Imecourt. The aviators took advantage of the first clear weather in three days the expedition starting soon after mid-day. In the region of Buzancy sixteen Fokkers endeavored to head off the Americans, but scouts drove them off permitting the bombers to accomplish their mission. In the region of Verpel, a nery Boche singled hand attempted to attack the bombers, but was quickly downed.

At various points German airplanes attempted to hinder the Americans with the result that at least ten of them were sent down crashing, two of these behind American lines. Several American pursuit planes escorted the bombing machines blocked one German from returning to his own lines and drove him in the direction of St. Mihiel. One of the American aviators sent a German down near Bainville.

U. S. TRANSPORT IN  
RUNNING FIGHT  
WITH SUBMARINE

AN ATLANTIC PORT, Oct. 18.—The new-bound army transport Amphion had a two hours running fight with a German submarine 23 miles off the Atlantic coast last Saturday morning in which eight men on the American ship were wounded, two fatally. The transport arrived here today and reported that so far as those abroad could determine the submarine was not badly damaged, if at all.

The first shots, carried away from the Amphion, were fired by the naval gun crews replied to the enemy shots and the transport crowded on all steam finally drawing away from the submarine. The transports superstructure was riddled with shells and shrapnel.

The Amphion formerly was the Kolon of the German line. She was seized at Boston when the United States entered the war. After running away from the submarine the Amphion put into an island port where the more seriously wounded were landed. On her arrival here the transport went to a ship yard for repairs.

An exchange says the Germans will soon bring the Allies to their knees.

General Gorgas has been recalled to active duty. He is a man that cannot very well be spared at this time.

It is unusual to arrange an armistice with mad dogs. There is but one safe method of dealing with them.

Events show the German peace bid has weakened the enemy as much as it has strengthened the Allies.

Increased confidence of the Allied troops has much to do with the sweeping victories we are now winning.

German peace talk is hastening peace in a way the Kaiser never intended by making it easier to smash Germany. "If the government does not want to fight any more", the German soldiers say, "why should we?"

Germans captured recently have uttered these very words.

Premier Clemenceau of France, had his prayer for six months of life answered. It has been enough for him to see the tide turn against the Kaiser. He celebrated his 78th birthday last week and he may live to celebrate many more.

Delmonico's, of New York, the most famous eating place in the United States, is in a receiver's hands. It was founded in 1827 by Peter Delmonico as a coffee house. The plight of the historic house has been caused by the fact that while eating is a necessity, the art of dining has become a luxury to be indulged in by few. Thus ends the business of one of the oldest institutions of its kind in the City of New York.

That President Wilson is a voting member of the supreme war council at Versailles was first disclosed by Secretary Baker on his return from France. The other members are the Premiers of France, Great Britain and Italy. All have their military advisers, the President being represented by Gen. Tasker H. Bliss, who, however, has no vote. Mr. Wilson's membership means of course, that he is in closest touch with Marshal Foch, on whose recommendation the council acts. Mr. Baker was asked to confirm a report that Marshal Foch had requested that Allied occupancy of the fortresses of Metz, Strassburg and Colmar be made the preliminary to any armistice, and that the council had approved in declining to be quoted Mr. Baker let it be known for the first time that Mr. Wilson is a member of the council.

The German people are wholly without a voice in international affairs and neither the chancellor nor the minister for foreign affairs has any authority to speak in the name of the German empire, except by order of the emperor, and to destroy Prussian militarism the organization of the empire must be overturned, according to a former member of the German reichstag. According to the constitution of the empire the king of Prussia is the hereditary chief of the twenty-five German confederate states. Article II says that he "represents the empire in international relations, declares war and makes peace in the name of the empire. One can see the reason for the declaration of President Wilson that it was impossible to treat with or trust any proposition sent out by the German chancellor, as he has no power at the present time.

### THE COCONUT IN WAR.

Fuel Administrator Garfield tells this story of the difficulty of deciding between the essential and the non-essential. He started out to cut off the coal supply from the candy makers, only to find that we were greatly in need

of a particular acid made from the shells of the coconut. Now candy makers give the chief encouragement to its importation. This acid goes into the manufacture of gas masks. From this experience, says the Boston Herald, it would be a fair inference that we ought to consume the prepared coconut in its various forms to give a stimulus to importation. It may be the acid in the shell, rather than the milk in the coconut, that is, after all, destined to enduring fame. What changes war works out!

### CHINESE GIRLS SHOW SPIRIT OF SACRIFICE.

From the Red Cross chapter in Soochow, China, comes another story of the spirit of sacrifice among children for the comfort of the American troops in France. Soochow is one of the chapters of the "Fourteenth Division of the American Red Cross, which looks after all chapters outside the United States proper. It has chapters in China and Japan, in London and Paris, in Hawaii and in Africa—all over the world.

Not long ago a shipment of knitted goods from the Red Cross headquarters at Washington, coming from the far corners of the earth. Part of it came from Soochow. And on one knitted Afghan was pinned a note which said:

To Whom It May Concern: This Afghan was made by the little Chinese girls in Epiphany School, Soochow, China, and represents a very real desire to "Help the Soldiers". Being very poor, many of the children had no money with which to buy wool, so they wove out their gloves and caps and used that wool. They hope it will keep some soldier nice and warm.

That is the spirit in which the American Red Cross is backing the soldiers of America and her Allies in the war.

### FINANCING THE GOOD ROADS SYSTEM.

The plan of financing the Illinois permanent road system which the people are to vote on at the coming election, eliminates all direct taxation. The roads are to be built with money collected from automobile and motor truck licenses.

Bonds to the amount of \$60,000,000, bearing interest at a rate of not to exceed four per cent, will be issued as they are needed. The entire indebtedness is to be paid within a period of twenty-five years by an average yearly payment of \$3,280,000. This will cover both the interest and the amount of the principal. The last of the bonds will have retired at the end of the twenty-five year period.

That it will be possible to do this under the plan proposed, has been demonstrated. Last year, the number of license-paying vehicles registered in Illinois exceeded 340,000. Under the law, the average license is \$10, and

had the system been under construction the license fees would have been in excess of the yearly charge. As the number of cars is constantly increasing, it requires no figuring to demonstrate that there will be each year a surplus. This will be used in extending the system and improving connecting roads.

The road fund is now accumulating the state treasury. Since no work is to be done until after the close of the war, there will be on hand sufficient working capital to begin construction on a wide scale. Even before bonds are issued, the state can take up the work unembarrassed by financial considerations. This is of the utmost importance in a great work of this character since extensive construction means a minimum of administrative expense. The roads will be built at less cost and the public will get better roads by reason of having ready money with which to begin work on a big scale.

### The Peace Campaign

The allies' victories increase, and Kaiser Bill will talk of peace, the boon he's longing for; and spineless delegates will say "Why not let Wilhelm have his way, and end this beastly war?" Oh, yes, let's put away our guns, and sit and gossip with the Huns, until they get their breath, when they'll usher in with brand and sword, a new crusade of death. By all means let us meet half-way the Teut who has some things to say of armistice and truce; let us forget how he has lied (there is no truth beneath his hide), and turn some twaddle loose. Let us forget the Prussian's crimes, which have, in all historic times, no parallel, say men and talk of peace and kindred boons and liverwurst and beer and prunes, until we're tricked again. We've seen the package Russia got when she gave ear to German rot, and banked on German lies; and we should do as Russia did and in the ditch like Russia skid—it would be sane and wise. But it will be a little while before the Teut's entrancing smile can put us in a trance, some German towns we'll have to strike and show the folks what war's been like among the towns of France. We'll have to show the placid Fritz how scenery is blown to bits by modern allied guns; down German roads we'll have to wend and stand the River Rhine on end, and grieve a lot of Huns.

## CARROLLTON DOCTOR DIES OF PNEUMONIA

Dr. W. S. Dressel, Prominent Osteopath Practitioner Dies — First Death of Disease Following Influenza — City in Quarantine.

Carrollton, Oct. 18.—Dr. W. S. Dressel, an osteopath practitioner, here for the past ten years, died this afternoon of pneumonia following an attack of influenza.

Dr. Dressel was the first one to die as a result of Spanish influenza in the city, the several deaths having occurred thruout the county.

Deceased was 38 years of age and was born and reared in Kane, north of here, and graduated from the School of Osteopathy at Kirksville, Mo. He is survived by his parents and several brothers and sisters.

Mayor McNabb has established a quarantine, and all places of public meeting and other gatherings have been prohibited. The mayor has placed the situation in the hands of the physicians of Carrollton and the epidemic seems to be fairly well under control as no cases at the present time are considered serious. There are now thirty cases in the city.

### MECHANICS WANTED

The government urgently needs a large number of mechanics at the various navy yards and arsenals. Immediate employment with free transportation can be given machinists, boiler makers, grinders, blacksmiths, electricians, copper smiths, drillers, molders and welders. The government is paying from 70c to 78c an hour for first class mechanics, with time and a half for overtime, and many vacancies exist in the eastern, western and southern navy yards and arsenals. The local secretary of the civil service commission, located in the post office in this city, will be glad to furnish free and full information concerning this class of work. If you are a mechanic or know of one who is not actually employed in war work, it is your patriotic duty to have such person make immediate application for this class of employment.

### FIRE ALARM FRIDAY NIGHT

The fire department was called to the residence of Bart Hurl, 342 East Washington street at 7:15 o'clock Friday evening. Fire had started in the roof by sparks from a chimney. The prompt arrival of the department averted what might have been a serious fire as the wind was high and the roof so dry that wherever a spark fell it started a blaze. The property is owned by Simeon Fernandez and the damage which was small, is fully covered by insurance.

### FUNERAL NOTICE

## LIBERTY LOAN TRAIN VISITED JACKSONVILLE

Stopped at C. P. & St. L. Shops Where Program Was Given—Employees Subscribed About \$3,000.

A Liberty Loan train came from Bloomington on the Chicago and Alton Friday. The train consisted of five coaches and an open car and carried the Bloomington band and about fifty people.

The train arrived shortly after noon and switched to the C. P. & St. L. and went to the shops where a program was given. John J. Clancy acted as chairman of the occasion. The program consisted of talks, band music and some good vaudeville. Rev. F. M. Rule was one of the speakers. General Superintendent Henderson and Assistant Superintendent Butler were in charge.

Employees of the shops purchased \$4,000 worth of Liberty Bonds. They already had subscribed for about \$12,000 worth which will be credited to the C. P. & St. L. railroad employees.

The train remained here for about two hours, being switched back to the Alton tracks and departed for Roadhouse.

### BROTHER FOLLOWS SISTER IN DEATH

Charles Russell Brown Dies One Week After Sister — Death Came From Pneumonia Following Influenza.

Murrayville, Oct. 19.—Charles Russell Brown passed away at the family home two miles south of Murrayville at 10:50 o'clock tonight of pneumonia following an attack of influenza.

A feature peculiarly sad in the young man's death is the fact that his sister Katherine Brown died just one week ago of the same malady.

Charles Russell Brown was the son of Mr. and Mrs. Newton Brown and was 18 years of age at the time of death. Besides his parents he is survived by one sister, Irma and one brother, Neal. Arrangements for the funeral have not been made.

### OBITUARY.

Artis Reuben Brooks was born in Jacksonville, Ill., Feb. 1, 1909 and died Oct. 14 1918 following an illness of two weeks of pneumonia. The deceased had spent all of his life in this city and was a lad who was loved by all who knew him. He was industrious and ambitious and always made a success of whatever he undertook to do. At the age of nine years he united with Mt. Emory Baptist church and was at all times faithful to his church duties. He will be greatly missed at the church and Sunday school services at which he was a regular attendant. He is survived by his father, Chester A. Brooks; his mother, Mrs. George Britton; his grandparents, Mr. and Mrs. Reuben Hyatt and Mr. and Mrs. Edward Malory. Many friends united in extending sympathy to the sorrowing relatives.

### FUNERALS

**Jackson**

### RED CROSS WORK

The work of the local Red Cross went on smoothly yesterday. The read epidemic doesn't seem to increase the number of those needing help to a great extent. The number fed three times yesterday was 42 and it was well done. Donations of food have been liberal and a generous disposition generally has been manifested.

### ANNOUNCEMENTS

We thank Miss McFarlane who so kindly donated the room, the Railway & Light Co., the papers, and community for their help in this sale.

DRUNKENNESS ON DECLINE IN ENGLAND

Excessive Drinking has Declined More than 80 per cent and National Efficiency Shows Enormous Gain—Is Result of War Regulations Introduced by the Government.

London, Oct. 18.—(Correspondence of the Associated Press.) Before the war the people of this country spent \$800,000 a year on drinks. Now they spend \$1,200,000,000. Nevertheless there is not half the drunkenness in these war times that there was in 1913. Heavy taxation to provide war funds accounts for the public's increase drink bill, not further indulgence. In fact, excessive drinking has declined more than 80 per cent, and there has been an enormous gain in national efficiency.

All this has come about, Lord D'Abernon, chairman of the Liquor Control Board, told the Associated Press, as a result of the war regulations introduced by the government.

"There is great ground for hope," he said, "that the progress made toward temperance under war conditions won't be lost, that it will continue by post-war action along lines similar to the restrictions now in force."

Such action must come, if taken, from Parliament. The life of the present regulations will terminate one year after peace has been declared. According to Lord D'Abernon, it is certain that the country never will go back to pre-war conditions.

The board's regulations limiting hours for the sale of liquor, cutting down the alcoholic content of both spirits and beer, and abolishing treating were taken rather kindly, on the whole in Lord D'Abernon's opinion.

"There has been very little friction," he said. "We have had some complaints to the effect that it costs an enormous amount of money to get drunk now but that is exactly what should be the case. The question of the price of alcoholic drinks compared to that of food is very important. If liquor is too cheap that fact leads to over-indulgence. The duty of beer is now seven times what it was ten years ago, and the duty on spirits has greatly increased."

"It is clear that public opinion will not tolerate a return to the bad conditions which undoubtedly existed before the war. It is recognized that the present system affords a basis for a permanent reduction of the drink question acceptable to all."

More than twice as much money is spent in England for drink as for bread, and the outlay just about equals the expenditures for meat.

After the war the government's yearly revenues from duties on drink are expected to amount to from \$500,000,000 to \$75,000,000,000, a sum almost equal to the total tax revenue before the war.

England has been noted for its heavy stout, bitters and ale, and the brewers thought that dilution would greatly injure their business. But they have done far better than they thought was possible.

The quantity of alcohol in beer has been reduced by nearly two-thirds. Great improvement has been made in the manufacture of light beers, which are said to be growing steadily in favor. The strength of spirits before the war averaged about 22 degrees under proof. They have been weakened under the regulations, to an average of between 38 and 40 under proof.

In discussing the sharp decrease in heavy drinking, Lord D'Abernon said it might be thought that the absence from the country of millions of soldiers was responsible in large measure for the improvement. The idea he pointed out, was refuted by statistics which showed the decrease in drinking by women was just as great as that by men.

No grain is now being used in England for making spirits. The manufacture of whiskey was stopped two years ago. Concerning beer, Lord D'Abernon said: "The net total of cereals used annually for brewing is approximately 382,000 tons. Compared with the total amount of cereals grown here and imported 15,500,000 tons, this shows that the net percentage used in brewing purposes is approximately 2.5. In 1913 approximately 6 per cent was used for making beer and 2 1/2 per cent for distilling spirits. Thus there has been a reduction from 8 1/2 per cent to 2 1/2 per cent."

## WILL MORGAN COUNTY FAIL IN HER DUTY?

On Last Day of Fourth Liberty Loan \$200,000 Must Be Subscribed—Must We Tell Mr. Crabtree His County Has Failed?

Will Morgan county fail to subscribe for her quota of Fourth Liberty Loan bonds? Must we send a telegram to Edgar E. Crabtree, chairman of the district that his home county has fallen down in the crisis? Must word be sent to our boys fighting in the trenches "Over There" that we who stayed at home would not back them up? How will it look in the paper Sunday morning to read in big headlines that "MORGAN COUNTY FAILED TO DO HER PART?"

There are some who haven't done all they could; some who haven't subscribed. How about you? Have you just loaned your spare cash? If you have now is the time to borrow. Any bank in Morgan county will loan you the money. Won't you double your subscription? Will you loan your government more money and at the same time preserve the reputation of your city and county?

**\$200,000 Needed**  
Speaking of the situation Friday night Chairman H. M. Capps said: "We have made a careful check of the subscriptions thru the banks in the entire county. This check shows that the subscriptions total \$1,548,400."

"This shows that Morgan county is \$200,000 short of her quota with only today to raise it. It is going to require some strenuous work to put Morgan county 'Over the Top'."

"The Liberty Loan committee had not intended to ask further subscriptions from those who voluntarily subscribed for bonds. However, with the present deficit confronting us we have decided that we will ask those who have been voluntary subscribers to make further effort to increase those subscriptions. We feel that only by doing this can we make our quota."

**Backing the Chairman**  
Chairman Capps further said that Morgan county owed it to E. E. Crabtree, chairman of the Liberty Loan committee of this district to make a good showing in this campaign. Mr. Crabtree had an enviable reputation in his conduct of previous campaigns, as well as the present one. We should at least show other parts of the district that we are behind Mr. Crabtree and appreciate his efforts and are behind him to the finish.

Mr. Crabtree has wired us that St. Louis district is over the top. This means that some other portion of the district has oversubscribed enough to make up for our failure. He also said that the

portion of Illinois comprised in the eighth district was 85 per cent and would go over today. Let us be able to say that Morgan county did her part to make it possible for Illinois to go "Over the Top."

**Have you done your part? Have you gone your limit in buying Liberty Bonds? Morgan county's record is in the balance. \$200,000 worth of bonds must be sold today to make up the county quota.**

## CASS COUNTY OVER TOP IN BOND SALES

Fourth Liberty Loan Record Causes Rejoicing in Virginia.

Virginia, Oct. 18.—Virginia citizens were quite jubilant last night when the news of Little Cass county's 4th Liberty Loan "went over the top." The exact figures were not obtainable at an early hour this morning.

At about 9:30 the church bells were rung. Automobiles formed a procession and coursed thru the principal streets of the town sounding their klaxons incessantly. The city fire bell was also ushered into service.

The B. & O. evening train came into the station during the celebration and the clanging of the bell and snorting of the engine seemed to echo a patriotic victory. Many people had retired and at sound of bells arose expecting to hear of the fall of Berlin or the unconditional surrender of Germany. Nevertheless they were rejoiced at the news of the successful drive.

## TRYING EXPERIENCE OF AUSTRIAN BANKER

Arrested and Interned on Recent Business Trip to East Russia—Declares There are Two Sides to Communism.

Amsterdam, Oct.—(Correspondence of The Associated Press).—The experience of an Austrian banker with Bolshevik methods, when he made a business trip to east Russia recently, is the talk of the Vienna bourse, advices received here today.

The banker was arrested and interned. Disguised as a peasant, he escaped with 10,000 rubles in his possession. He fell in with a company of Bolsheviks who, despite his protests, took and divided the contents of his pockets.

"Share and share alike is the rule here," they explained, handing him back his "share," which

was only a tenth of his capital. Soon, though, his fortunes took a turn for the better. He fell in with another band, which added to its ranks a ragged individual from whose pockets 100,000 rubles were extracted. This sum was pooled and carefully divided and the banker received a fat share. Eventually he returned to Vienna with 20,000 rubles.

"There are two sides to communism," he declared.

New York, Oct.—Since the beginning of the war 3,582 German newspapers and magazines have discontinued publication either permanently or temporarily. This is officially announced by the German postal authorities, says the Berlin Tageblatt. In the same period 1,765 new publications were begun. The total number of newspapers and magazines in Germany was estimated at 9,000.

In response to the request of the commission for Belgian relief, through the American Red Cross for good second hand clothing, the Morgan county chapter opened headquarters Sept 23-30 in the Hayden building, 209 South Sandy street, with a committee of five ladies in charge. Each member of this central committee with four others of her own selection taking the work of receiving and packing for and shipping to Belgium. The response was immediate and most generous and the clothing of excellent quality. The store room, telephone, chairs, coal, boxes, drayage and wiring of boxes, publicity through the city papers and many small necessary items as well as the work of the committee was gladly and freely donated. With an expense of only \$3.00 eleven large wooden boxes weighing 2555 pounds, and \$5.00 cash were forwarded to the commission for Belgian Relief, Newark, N. J.

**GOVERNMENT INSPECTORS**  
TAILORING COMPANY  
A government inspector dropped in on the Jacksonville Tailoring Company Thursday and gave the shop a thorough going over. He made an inspection of the building, labor standards, sanitary conditions and to workmen and workrooms, and protection against fire. With the exception of one or two minor changes, everything in connection with the shop was found to be in a most satisfactory condition. The idea of an inspection at this time is because of the government work that the Jacksonville Tailoring company is doing and planning to do in the way of making soldiers' uniforms, both service and dress. Wherever this work is done the government exercises a rigid supervision, and that the inspector found their plant practically up to the standard of requirements speaks well of this firm.

**DUN'S REPORT.**  
NEW YORK, Oct. 18.—Dun's tomorrow will say: "The slackening of the vigorous promotional efforts in leading industries has resulted from the continued discussion of peace prospects but the question of readjustments has entered more largely into calculations. Signs of hesitation among buyers, prompted by expectations of a later turn in the price situation are not wholly absent and the disposition to operate cautiously and well within the limits of safety has been intensified. The volume of business has been further reduced by diversion of interest to the new liberty loan and restriction of effect of the influenza epidemic has become more pronounced and general. Weekly bank clearings \$5,547,797,474."

Each member of this central committee with four others of her own selection taking the work of receiving and packing for and shipping to Belgium. The response was immediate and most generous and the clothing of excellent quality. The store room, telephone, chairs, coal, boxes, drayage and wiring of boxes, publicity through the city papers and many small necessary items as well as the work of the committee was gladly and freely donated. With an expense of only \$3.00 eleven large wooden boxes weighing 2555 pounds, and \$5.00 cash were forwarded to the commission for Belgian Relief, Newark, N. J.

**GOVERNMENT INSPECTORS**  
TAILORING COMPANY  
A government inspector dropped in on the Jacksonville Tailoring Company Thursday and gave the shop a thorough going over. He made an inspection of the building, labor standards, sanitary conditions and to workmen and workrooms, and protection against fire. With the exception of one or two minor changes, everything in connection with the shop was found to be in a most satisfactory condition. The idea of an inspection at this time is because of the government work that the Jacksonville Tailoring company is doing and planning to do in the way of making soldiers' uniforms, both service and dress. Wherever this work is done the government exercises a rigid supervision, and that the inspector found their plant practically up to the standard of requirements speaks well of this firm.

**DUN'S REPORT.**  
NEW YORK, Oct. 18.—Dun's tomorrow will say: "The slackening of the vigorous promotional efforts in leading industries has resulted from the continued discussion of peace prospects but the question of readjustments has entered more largely into calculations. The volume of business has been further reduced by diversion of interest to the new liberty loan and restriction of effect of the influenza epidemic has become more pronounced and general. ## JUDGE BROCKHOUSE APPEALS FOR HELP

Must Have Assistance in Nursing and Aids to Care for Influenza Sufferers — Opportunity for Worth While Service.

The Red Cross influenza committee under the direction of its chairman, Judge E. P. Brockhouse, is thoroughly organized to render valuable and must needed service in connection with the epidemic in whatever proportions it may strike this community. Seventeen cases are being cared for at the emergency hospital by Miss Coale, Miss Hyman and a corps of assistants. Something over forty patients are being provided with food by the food department, in charge of Mrs. King.

Mayor Rodgers is in charge of the housing and equipment department and is ready to supply the needs of the committee on short notice.

Mrs. Barnes has organized a corps of ladies who are making and ready to make masks and clothing for nurses and patients in such quantities as needed.

**Investigate Families' Needs.**  
Mrs. M. E. Gilbert keeps the committee supplied with automobiles for carrying food, etc., and for transporting the visiting nurse and with such clerical help as is needed.

Harry Walker, with the Boy Scouts, attends to the transportation of supplies and running of errands, and is also prepared to keep up the fires in households needing such service. The needs of families and individuals suffering from influenza are investigated by the Home Service section under direction of Mr. Collins, by Miss Coale and by Miss Dorsey of the Social Service League.

The committee is in constant touch with the city health warden's office to learn of new cases reported and their needs. In this connection there has been a marked improvement in the promptness of physicians in reporting cases, which is of great aid to the committee. Physicians desiring to have patients admitted to the hospital, call Illinois phone 1473, the Open Air School. Do not under any circumstances send them to Red Cross headquarters or to the office of a member of the committee.

For the present the influenza committee has established headquarters at the Red Cross rooms in the public library, Illinois telephone No. 1598, where a clerical force will be present to keep a record of all calls for and offers of aid and supplies, and all calls should be communicated to headquarters where they will be referred to the proper department for attention.

The greatest need of the committee at present is for nurses and nurses' aids. It may be necessary at any time to open another hospital. All facilities are available except the nursing personnel. In addition to the hospital nurses and aids the committee receives daily many calls for nurses in homes. Those who have registered for nursing service now have an opportunity to prove their patriotism, not perhaps in nursing a sick or wounded soldier, but perhaps in saving the life of a future soldier, or life of a parent, child, wife, sister or some one near and dear to a soldier fighting at the front, thus helping to preserve the morale of our fighting men. The committee does not ask nor expect that this service be given gratis and is ready, able and willing to pay in proportion to ability and experience. Those who are able to serve in any way and are truly patriotic will not neglect this opportunity to register for this much needed service. Call or see Judge Brockhouse, chairman, or Miss Coale, or leave word at her office, the Tuberculosis Clinic.

All nurses will be equipped with masks upon request and instructed as to approved precautions to avoid contracting the disease. For masks call at Red Cross headquarters in the public library building.

## ROTARIANS HEARD INTERESTING TALKS

Distinguished Speakers Talked to Members and Week Day Luncheon.

The Rotary club had its usual dinner and meeting yesterday noon with a fine attendance. A number of distinguished guests were present and addressed the meeting.

The first speaker was Dr. Richard O. Johnson of Indianapolis, who discussed the war in its various relations to the different lands involved. He described the Huns in no measured terms and depicted the spectacle which would ensue should that power prevail which he declared was impossible as right must triumph as long as eternal justice is supreme. The Germans will fall by the very weight of their own propaganda. The very stupendous undertaking they have assumed, the conquering of the world for their own selfish purposes must be their undoing.

Prof. E. Pintner of the University of Ohio at Columbus, spoke on psychology or mental tests of men. His remarks were exceedingly interesting and showed much research and a profound knowledge of the subject. Great advances have been made in psychology the past comparatively few years and these have shown in many cases where men have been censured for certain deeds when in reality the native propensity was so strong they were hardly responsible.

Rev. L. B. Richards, rector of Christ church, San Antonio, Texas and formerly pastor of Trinity Episcopal church of this city, spoke briefly of his pleasure at being present at such an affair in his former home.

H. T. White, superintendent of the State School for the Deaf, spoke also on timely topics.

Lieut. Gordon W. Coon in command of the S. A. T. C. at Illinois college spoke on the work of the institution and what it was doing for the young men. The military training they will receive will be of great value in many ways teaching them discipline, obedience to superior authority, regular and systematic habits and in many ways will make them far better citizens than they would be without the training they will receive.

The meeting was one of the most successful in the history of the club and augurs well for the future of the organization. Jacksonville needs more of the set together element and work and the Rotary Club is an enterprise in that direction.

**TWO WILLS FILED**  
Two wills filed for probate with the county clerk yesterday. The will of Carl F. W. Engelbrecht provides for the payment of all just debts and funeral expenses. The remainder of the estate both real and personal is then bequeathed to his father, Herman Engelbrecht, Jr., who is also made executor without bond. The will is dated July 21, 1918 and witnessed by Leta Groves, W. T. Wilson and John M. Butler.

The will of Russell Nergonah is dated October 6, 1918 and witnessed by F. P. McKinney and Mrs. Emma Lindsley. After making bequests of personal property, all of the estate, both real and personal is willed to his sisters, to be divided equally. Thomas N. Markham is made executor of the will.

**Large Attendance at Jed Cox Funeral**  
Many Gathered at Jacksonville Cemetery to Pay a Tribute of Respect to His Memory—Sermon by Rev. F. M. Crabtree of White Hall.

One of the largest funerals ever held in Jacksonville was that of Jed G. Cox which was conducted at Jacksonville cemetery Friday afternoon at 3 o'clock by the Rev. F. M. Crabtree of White Hall assisted by the Rev. W. R. Johnson of Winchester. The beautiful burial ritual of the Masons was carried out at the grave by members of Jacksonville Lodge No. 570.

Many of those in attendance were from adjacent counties and their presence served to show the wide scope of Mr. Cox's acquaintance and the esteem in which he was held wherever known.

## LARGE ATTENDANCE AT JED COX FUNERAL

Many Gathered at Jacksonville Cemetery to Pay a Tribute of Respect to His Memory—Sermon by Rev. F. M. Crabtree of White Hall.

One of the largest funerals ever held in Jacksonville was that of Jed G. Cox which was conducted at Jacksonville cemetery Friday afternoon at 3 o'clock by the Rev. F. M. Crabtree of White Hall assisted by the Rev. W. R. Johnson of Winchester. The beautiful burial ritual of the Masons was carried out at the grave by members of Jacksonville Lodge No. 570.

Many of those in attendance were from adjacent counties and their presence served to show the wide scope of Mr. Cox's acquaintance and the esteem in which he was held wherever known.

Miss Hazel Belle Long sang with fine feeling at the opening of the service, "Asleep in Jesus" and at the close "When You Ring Those Golden Bells for You and Me."

The floral offerings were profuse and beautiful, containing many set pieces. These were tenderly cared for by Mrs. Sue Lancaster, Iva Lancaster, Clara Gay, Lou Nicholson, and Hazel Belle Long.

The active bearers were: William Ledford, Dimmitt Trotter, John Hunter, Fletcher Hopper, George Wheeler and Walter Long. The honorary bearers, all members of Jacksonville Lodge No. 570 A. F. & A. M. were: Carl S. Richards, George Brown, Norman Dewese, J. Edgar Martin, Walter Schrag and Charles S. Black.

At the beginning of the service Rev. Mr. Crabtree read the 91st Psalm. Prayer was then offered by the Rev. W. R. Johnson.

Rev. Mr. Crabtree took his text from the 5th chapter, 24 Corinthians, 1st verse, "For we know that if our earthly house of this tabernacle were dissolved, we have a building of God, a house not made with hands, eternal in the heavens." Mr. Crabtree preached a masterly discourse. Some of his thoughts are given.

**Likened to Broken Column.**  
In his opening words the speaker drew a graphic word picture of the Parthenon with its broken columns and majestic ruins. He likened Mr. Cox to a broken column, one which had been of great value in the life of the community.

"I talked today with one who was a neighbor and friend of Jed Cox and one who is engaged in the same business," said Mr. Crabtree. "This man said to me 'he was a good man.'"

"No greater compliment could be paid to a man than this paid by Mr. Cox's friend and competitor. It is a compliment that we should all strive to attain. I know nothing I would rather have my friends say of me when I lie in death than this, he was a good man."

"This man was a column that supported a great institution, the church. He embodied the very words of comfort and consolation to those bereaved ones for I know that Jed Cox was true to the faith. I can see now the little church where he worshipped. And for the two years that I have known him he was always in his place. The picture was not complete without him. And in the end, he came to Jesus Christ. And this is the way you must finally come."

"He was a column that supported his home. His home life was most perfect. While this church is broken in community, church and home, his life and his influence will live in the community in years to come and it will influence those of you who remain."

**The House Eternal.**

"The house eternal is gone, there is hope, to be gathered from his life for those who remain. We have the promise that 'the all these things pass away, there is still the house eternal in the heavens.'"

"Today we can only go to the brink of the grave with this brother and step. But there is something beyond the grave. It is hope that sustains us for the Scriptures tell us that 'we have an anchor both sure and steadfast.'"

"So of him we may say in the beautiful words of William Cullen Bryant:

"So when the final summons comes Go not as doth the galley slave That's driven to his task, And But as one who wraps the drape Of his couch about him And lies down to pleasant dreams."

Mr. Crabtree then offered a fervent prayer. The casket was then opened and the many friends passed to view the remains for the last time. The Masonic funeral service was then carried out.

James O. Kirkpatrick, Pastor.

## WINCHESTER HAS NEW LIBRARIAN

Miss Katherine Hitt Will Have Charge of Library and Teach in High School—Winchester News Notes.

Winchester, Ill., Oct. 18. — Katherine Hitt, a graduate of the state university, has arrived in Winchester to become librarian. She will also teach history and English in the high school. The schools here will re-open next Monday if no more sickness develops.

Douglas Tankersley is seriously ill at his home. Edward Heint and sister Adele, of Jacksonville, motored to Winchester, Friday.

Art Boylan arrived Friday morning from Chicago for a short visit with his grandmother, Martha Paul. He left Friday night for Beardstown to visit his brother Leo.

A list has been made up by the exemption board of the boys who were to leave Oct. 23, but as a number are on the sick list it is as yet undecided who will go. This city was practically without lights Friday night, some difficulty at the plant causing the lamps to barely show that they were burning at all.

Mrs. H. H. Fletcher left Friday afternoon for Camp Greenleaf, Ft. Oglethorpe, Chattanooga, Tenn., for a visit with her husband, Lieut. Fletcher.

Dr. Waters was a business visitor in White Hall Friday afternoon.

It has been decided at committee conference and through the advice of President Wilson that the seven war work societies shall unite in raising a bulk fund and each take pro rata proportion. These societies are the Y. M. C. A., National Catholic War Council, Y. W. C. A., Jewish Welfare Board, War Camp Community Service, American Library association, and the Salvation Army.

Scott county's quota is \$11,000. A paper is now being circulated to obtain the names of persons who will give hogs to the amount of a carload, from which it is expected to raise at least \$3,000. These gifts will be credited, to the producers from which they come.

Joe Grout is quite ill at his home suffering from influenza.

## WILL BE OVER TOP TODAY

Edgar E. Crabtree, chairman of the Liberty Loan campaign in the eighth district of which Jacksonville and Morgan county is a part, wired C. A. Johnson last night that St. Louis had gone "over the top".

The portion of the state of Illinois in the district shows a percentage of 85 and Mr. Crabtree predicted that it would go over today.
